STANFORD, KY., TUESDAY, JUNE 21, 1892.

NO. 33

THE GENERAL ASSEMBLY.

—Gov. Brown vetoed the House bill in relation to county subscriptions to the capital stock of railroads.

—The bill repealing the act by which the State Board of Equalization was created, was passed by the Senate.

—The capital removal question is again before the Legislature and the Senate has amended the House bill to allow municipalities to make offers to secure the capital.

—It is claimed that under the provisions of the Constitution, the Revenue and Taxation bill and the Corporation bill, the banks will be forced into small cities and towns where the rate of taxation is low and that they will have only branch offices in the larger cities.

—The local option bill as passed the Senate makes it a very harmless and practically inoperative measure, as 25 per cent. of all the voters must sign the petition for the election before it can be ordered, and then it will only be enforced in the precincts which vote in its favor.

—Mr. Tinsley has presented a resolution to have 20,000 copies of the election law printed and sent in the clerk's office. This will be an useless expenditure, for they will lay in these offices till they become yellow with age. Better get a number of good newspapers to print it in their editions at a reasonable rate.

—The conference committee has agreed to report on the judicial districts, which will doubtless be adopted at once, though some of the Senators, Judge Breckinridge among the number, are disposed to filibuster. It provides for 30 districts, and this, the 13th, will be composed of Mercer, Boyle, Lincoln and Garrard, Casey going with Adair, Russell, Cumberland, Monroe and McCreary, the 29th, Clark, Powell, Madison and Jessamine form the 26th, Perry, Bell, Harlan, Letcher the 26th, Jackson, Owsley, Laurel, Clay, Leslie, Knox the 27th, Rockcastle, Pulaski, Wayne, Whitley, Clinton the 28th.

The Miners' Side.

(To the Editor of the Interior Journal.)
PITTSBURGH, June 16.—As your readers are aware there has for some time been trouble between the coal operators and the miners of Laurel county, resulting in a strike, and as the operators here have been publishing statements in the papers, including the JOURNAL, reflecting upon the conduct of the miners and especially upon those who are Knights of Labor, we desire space in your JOURNAL for a plain statement of the facts in the case.

The London Echo has refused to publish our article, thus showing that it only "echoes" statements from one side. We hope the JOURNAL will be more just. As it is generally known that we, as organized miners of Laurel county, belong to district 17, United Mine Workers, and therefore, having agreed to a uniform scale of prices and being aware that the rest of the district had agreed to said scale of prices, which is the same as paid in the Jellico district, we therefore could not make a scale of prices that would place our brothers of the Jellico district in a compromising position and also give the operators here an advantage in the market. Now it is understood that Jellico operators are paying the scale asked for and therefore we must have the same.

Another thing to jog the memory of the operators at this place—two years ago the first of last April, the operators were asked to arbitrate the question of wages, when they or their representative, W. A. Pugh, said "They had nothing to arbitrate" and therefore they would not arbitrate anything. Now they say they will no longer employ Knights of Labor or United Mine Workers. In this they have undertaken something they will never get through; in other words they have got hold of something they will have to get some help to turn loose.

In conclusion we would say that when the miners of Pittsburg and vicinity go to church they pray for the good of their souls and not for earthly gain, as we poor creatures never hope to accumulate wealth in this world, but what of an operator who proposes to turn innocent women and little children out of their homes because the miners refuse to work at starvation wages and then go to church and pray to the Lord to help him in his financial undertakings and his difficulties with his workmen. We miners have hoped that the Lord was on the other side in this controversy, but we believe in the Scripture, "Seek ye first the Kingdom of Heaven and all these things shall be added unto you."

J. W. COX,
G. D. BROOKLYN,
Wm. CLIFFORD, Committee.

—During a storm, the Grant monument, in Lincoln park, at Chicago, was struck by lightning. Three persons were killed and two injured.

—The Kansas People's party convention adopted a resolution favoring woman suffrage and elected a woman as a delegate at-large to the National convention.

LANCASTER, GARRARD COUNTY.

—A large party of Lancaster beauties enjoyed a picnic at Dix river iron bridge Friday.

—Next Monday will be county court and as the farmers are busy with harvest, a small crowd is expected in town.

—R. Graham Frank, of the Bible College, Lexington, preached at Rush Branch church Sunday to a large and appreciative congregation.

—Col. Joe Weisiger, president of the Lancaster & Crab Orchard Turnpike Co., tells us that they have closed a contract for a new iron bridge for their road over Dix river.

—Rev. George G. Barnes and family arrived Thursday and began the series of meetings at the court-house Friday evening. Large crowds have greeted the gifted evangelist at each service and much interest is being manifested. He preaches twice a day—9 A. M. and 8 P. M.

—One of our citizens, who has for several years past had a splendid strawberry bed, restocked it this spring with over 200 fine plants and although carefully watched and cultivated it produced only about a pint of berries, where it usually produced many gallons. He thinks that it will be necessary to remove the plants to new ground, the old refusing to yield any further for crops of this kind.

—At a mass meeting of the democracy of Garrard county, held at the courthouse in Lancaster, Saturday, June 18, to appoint delegates to the Congressional convention to be held at Nicholasville on July 9th, to nominate a democratic candidate for Congress, the official career of Hon. James B. McCreary was heartily and unanimously endorsed and the following delegates—W. E. Walker, J. L. Anderson, E. H. Walker, J. B. Parke, W. J. Baldwin, Robert Burton, M. D. Hughes, R. A. McGrath, were instructed to vote for him first, last and always.

—The remains of Capt. Daniel Murphy reached this county on Saturday, the 18th, and were interred at his old home near Buckeye Sunday afternoon, the 19th. Capt. Murphy was born and raised in Garrard county, was a successful farmer and a prominent citizen. He served in the Federal army and received a wound which crippled him for life. He was elected to the Legislature at the close of the war, but the election was contested by W. J. Lusk, his opponent, and Murphy voluntarily gave up the seat. He removed to Kansas, where he resided up to the time of his death.

—The sad news of the death of Mrs. Belle Wilson Stapp at her home in this county at noon on Sunday, the 19th inst., was received at this place late that afternoon. She is to be buried at 4 P. M. on Monday, the funeral services to be conducted by Rev. J. R. Terry. Mrs. Stapp was a genial, noble-hearted Christian woman, who had friends and admirers all over Kentucky. Her passing was a loss to the community.

—G. R. Hardin and J. T. Eason, railway mail clerks, were here Saturday and Sunday. Circuit Clerk W. B. Mason is in Chicago to attend the National democratic convention. Mr. Will Greenleaf and wife, of St. Louis, are here visiting relatives. Hon. R. H. Tomlinson and George L. Walden have returned from a business trip through the West. Mr. Sam Gaines, of Stanford, has accepted a clerkship with Mr. H. M. Ballou. Mr. Walter Greenleaf, of Hustonville, and Mr. Hugh Crumbliss, of Memphis, Tenn., visited Lancaster Sunday. Miss Annie Hale, of Stanford, was over to hear Rev. George O. Barnes Sunday night. Mr. Tom Baughman and sister, Zina, are visiting Miss Nannie Sweeney.

WILLIAMSBURG, WHITLEY COUNTY.

(Condensed from a letter unavoidably omitted from last issue.)

—The grand jury found about 80 indictments, most of them for misdemeanors.

—W. M. Jameson has sold his half interest in the city drug store, to his partner, E. M. Hugely. Mr. Jameson left last Thursday night for Clay City, where he will make his future home.

—Miss Lena Irvine left last Monday night for her home in Louisville. Miss Irvine has won many friends during her stay in Williamsburg, who hope she may return some time in the future.

—Circuit court is progressing slowly. The case of Wilburn Cornett, charged with being an accomplice in the murder of Judge Lewis, of Harlan, was dismissed on motion of the Commonwealth's attorney.

—Milt Jones, of Pleasant View, attempted to remove a cartridge from his gun, it exploded and one piece struck him in the forehead and another piece hit him in the eye, putting it out. He will recover, but with only one eye and a bad scar.

—Hon. John H. Wilson spoke here—said he did not have time to go into the great political questions; was simply here to let the people know that he was a candidate for re-election and to speak of some false and slanderous reports that have been circulated concerning him.

LIBERTY, CASEY COUNTY.

—A large party of Lancaster beauties and belles enjoyed a picnic at Dix river iron bridge Friday.

—Next Monday will be county court and as the farmers are busy with harvest, a small crowd is expected in town.

—R. Graham Frank, of the Bible College, Lexington, preached at Rush Branch church Sunday to a large and appreciative congregation.

—Col. Joe Weisiger, president of the Lancaster & Crab Orchard Turnpike Co., tells us that they have closed a contract for a new iron bridge for their road over Dix river.

—The circuit court adjourned on last Friday after a short session of five days, with but little business having been done, only finding 38 indictments, mostly for selling liquor. An indictment was found against Joe Gillispie for poisoning his wife, an account of which was given in your paper. A chemical examination of the woman's stomach was made by Dr. W. L. Louder, Dr. W. T. Garner and M. K. Humphrey and they pronounced her death to have been caused by strychnine. Louder and Garner are both skilled in chemistry and M. K. Humphrey has been a student of the Louisville College of Pharmacy and has all the chemical apparatus to make the necessary tests. It was first reported that she was not his wife, but our latest advices are that she was legally married to him. He is now in jail and a terrible network of circumstances surrounds him.

NOT SIZE.

But Relative Strength.

The following statement taken from the Ohio and Kentucky Insurance reports will show that the Michigan Mutual Life Insurance Company of Detroit is in the fight. The ratio of assets to liabilities of the following companies doing business in this vicinity are as follows: Michigan Mutual Life, \$1,15 Mutual Life of New York, 1.07 Mutual Benefit of New York, 1.08 New York Life, 1.14 Washington Life, 1.03

The next thing for consideration is the policy contract. A balloon is a big thing but a coconut is more substantial and contains milk instead of gas. The Michigan Mutual Life writes guaranteed cash values and paid up insurance values on the face of its policy contracts.

The Michigan Mutual Life will loan the amount of cash endorsed upon its policies, thereby rendering assistance to the holder and at the same time keeping up the insurance.

You are prevented from borrowing money from eastern companies by legislative enactment, which compels those companies to loan their funds in the Home State. If you want the best policy contract, see the Michigan Mutual's agent for terms.

MATRIMONIAL MATTERS.

LONDON, LAUREL COUNTY.

—"Services" are ripe and abundant. Coal is selling here now at 6c per bushel for fall delivery.

—Mr. Green Oenham passed through Sunday on his way to Chicago.

—Mrs. Tilly Evans died at the home of her son, El Evans, last Thursday, in the Raccoon neighborhood.

—East Bernstadt miners are very in demand over what they call "seabs" going to work at that place and taking their shot guns with them.

—John T. Hatcher is collecting tax this week and paying off all interest on bonds now due. The town is certainly coming out all right at last.

—The Sunday School convention, appointed for this place for Monday, July 4th, for good reasons has been postponed until Saturday, July 9th, at which time, it is hoped, there will be a large attendance. Invitation is extended to all the superintendents and Sunday-schools in the county to attend and participate in its proceedings. It will not be strictly a county convention of union Sunday-schools, but a Union Sunday-School Convention. Nothing of a sectarian nature will be connected with it. It will meet as early as possible in the morning at the cool grove at the ford of the river on the Middleburg pike. The people generally are requested to bring their baskets well filled with provisions in order to feed the assembly on the grounds. A printed programme of the day's proceedings will soon be printed and distributed.

—The circuit court adjourned on last Friday after a short session of five days, with but little business having been done, only finding 38 indictments, mostly for selling liquor. An indictment was found against Joe Gillispie for poisoning his wife, an account of which was given in your paper. A chemical examination of the woman's stomach was made by Dr. W. L. Louder, Dr. W. —"Mossback," of Mt. Vernon, asks by postal card "how many oats Carter had?" He had more than he knew what to do with. Ron Hardin says he "had more than he could save." Pet Shillings says, "more than he had any use for." John Hatcher says, "He had an extra crop." A. L. Reid says, "He had more than he could measure." C. N. Scoville says he had "enough." If this does not cover the case I'll interview the county judge and lawyers on the subject.

Gov. McCreary Indorsed and Instructed

For.

The democracy of Lincoln county met at the court-house June 18th for the purpose of nominating delegates to the Nicholasville convention, July 9th. The meeting was called to order by Judge Varnon, in the absence of the regular chairman, who was engaged in court, and on motion A. K. Denny was called to the chair and W. S. Borch made secretary. Judge Varnon then offered the following resolutions, which were adopted and the meeting adjourned:

RESOLVED, 1. That we approve the call made by the democratic district committee for the 8th Congressional district of Kentucky for a convention to be held at Nicholasville July 9, 1892, to nominate a candidate for Congress.

2. That L. L. Dawson, W. G. Welch, R. H. Bronaugh, W. A. Carson, W. H. Miller, W. L. McCarty, W. F. Camden, G. D. Smiley, W. D. Weatherford, J. P. Bailey, J. G. Lynn and J. H. Carter be appointed delegates to represent Lincoln county in said district convention.

3. That we in common with the people of the 8th Congressional district, without regard to politics, point with pride to the brilliant record our representative, Hon. James B. McCreary, has made in the Congress of the United States, and our delegates to the Nicholasville convention are instructed to cast the vote of Lincoln county for him to succeed himself in Congress in the 8th district of Kentucky.

4. That the INTERIOR JOURNAL be requested to publish the proceedings of this meeting.

Three persons were killed, two seriously injured and the Grant monument slightly damaged in a short fierce thunder storm which visited Chicago Thursday night.

SEMI-WEEKLY INTERIOR JOURNAL

STANFORD, KY., - JUNE 21, 1892

W. P. WALTON.

THE PEOPLE'S CHOICE. SIX PAGES. On Fridays.

TO-DAY at noon the grandest body of men ever assembled in political convention in America will be called to order in the great democratic wigwam at Chicago. The delegates, who have been arriving for a week are now all present and the fight is on with the field against Cleveland, who seems to be like Eclipse in the race—first, with the rest nowhere. The anti-Cleveland leaders, most of whom have grievances against the ex-president for his sterling honesty and their utter inability to manipulate him when president, are moving heaven and earth to prevent his nomination, but we have faith in the representatives of the people, who are almost solid for Cleveland, that they will not be led from the path of duty. The tactics of those who oppose him are the same as those who opposed Harrison in the republican convention. They will fight to put off a ballot as long as possible, fearful as they well might be, that Cleveland will be nominated on the first call of States. It is stated that the Kentucky delegation will be a party to this by voting for delay first and for Carlisle for President when the ballot is reached. It may do this, but each and every one will live to regret it, we hope. Through the influence of Mr. Watterson, a member of the national committee, who was himself offered the position, Hon. W. C. Owens, of Scott County, Ky., has been agreed on for temporary chairman of the convention. Mr. Owens has been counted on as a Cleveland man, but it is hoped he will not let this little effort of Mr. Watterson lead him astray and into the anti-Cleveland ranks. There are some objections to him on account of this, but it is said to be insufficient to defeat him.

The Cleveland leaders are so confident of the nomination of their chief that they have decided not even to ask admission for the anti-Hill delegation from New York. Ex-Secretary Whitney seems to have succeeded in placating the Tammany tigers, who he declares are good democrats and entitled to a patient hearing. He also says that Cleveland will be nominated on the first ballot and that the tigers will give him a hearty support afterwards.

The Courier Journal yesterday admitted that Mr. Cleveland was the leading and conspicuous figure in the contest, with a majority of the delegates in favor of his nomination. The opposition, numbering perhaps a third, is so broken and helpless as to be utterly helpless to accomplish any definite result. The politicians declare they will defeat the ex-president and if they do God pity them; the people will show them no mercy.

The republicans profess to believe that a tearing away of some of the canvass covering of the democratic wigwam at Chicago by a cyclone, is an ill omen, but their man was nominated on Friday and Friday is the most unlucky of days, if there is anything in superstition. Speaking of the wigwam, built expressly for the convention, it cost with decorations, etc., \$60,000, which expense is entirely borne by Chicago. It has 17,500 chairs for guests who come in by ticket, 600 seats in the boxes, 1,000 chairs for the delegates upon the floor, and 550 seats for the press. This makes the total 19,050. No arrangements have been made for alternates, who will have to find places with the common herd of spectators until they are called upon to alternate.

For a long time the New York Tribune has been what is termed in the printers' union parlance a "rat office," that is to say the union rules and regulations were disregarded and printers were hired at any rate they could be gotten at. But so soon as Whitelaw Reid is nominated for vice-president, he hastens to make terms with the union and thus to placate the labor organizations. It will hardly work, however. This class of labor is too intelligent to have the wool pulled over its eyes by any such thinly disguised policy movement.

The majority rules everywhere in this democratic country, but in a National democratic convention, where the nominee must receive two-thirds of the votes cast. This rule ought to be changed, but it's dollars to cents the anti-Cleveland men will oppose it with all their might and main.

CARLISLE is credited with eleven votes from Kentucky—but Carlisle and Kentucky are for Cleveland.—Louisville Times. Yer bet yer sweet life they are.

On the heels of his defeat for the republican presidential nomination, Hon. James G. Blaine is called upon to mourn the death of another son, Edmund Blaine, vice-president of the Baltimore & Ohio railroad. He attended the Minneapolis convention in the interest of his father and took his defeat greatly to heart. On reaching Chicago he was taken sick and his death resulted from blood poisoning. Three years ago he was married to a daughter of the great reaper manufacturer, Miss Anita McCormick, who with a son survives him. Within two years the ex-secretary has lost three children and as the Louisville Times says, nearly everything else worth living for.

THERE will be 898 votes in the Chicago convention and the nominee must receive two-thirds of them. Mr. Cleveland has of them 240 instructed votes and 427 that are favorable to him. If the latter are not led off by the tool favorite sonism, the ex-president will be nominated on the first ballot, as he should be, or better by acclamation. Mr. Hill was not considered even in any other State but New York and his lone 72 votes show up sadly in every table of the list of delegates. If Mr. Watterson wants to restore himself to the confidence and love of that nine-tenths of his constituency who are for Cleveland first, last and all the time, he cannot do so better than by moving that their favorite be made the nominee by acclamation.

THE Michigan law providing for the election of presidential electors by congressional districts, has been upheld by the Supreme court of the State, although its members are nearly all republicans. The republicans who oppose the law will take the case to the U. S. Supreme Court, but we should think they ought not to kick. There must be absolutely no legal grounds for opposing the law when a court which is against it, finds no excuse to abrogate it.

ALL the counties heard from instructed for Gov. McCreary for Congress and it is safe to say that the others did also. There's nobody else to instruct for and he wouldn't be if there was. The governor has a grip on the district, won by distinguished and excellent service, which not a man in it can budge. He deserves the unanimous nomination that he will receive and the practically unanimous re-election that is sure to follow.

MR. WATTERSON's right bower, O. O. Stealey, who is supposed to reflect that gentleman's ideas, telegraphs from Chicago: "It is already evident that the Cleveland men are going for everything in sight, and, as far as I can see with the lights before me, will capture most everything in the convention." As he has captured the heart of nearly all the democrats in the land, he ought to receive the fairest treatment by their representatives.

MR. BRUCE MILLER has bought of Mrs. Bruce Champ her third interest in the Bourbon News for \$1,200 and he and Mr. Walter Champ will edit and manage it. They have both been with the paper since it was established and are fully competent to keep it up to its high standard.

SENATOR CARLISLE is in Chicago acting sorter Barkis-like, but he is not in it this time. Perhaps "Carlisle and forward steps in tariff reform," as Bro. Blakely has sung for so long, may materialize in 1896.

THIS two-thirds rule was brought out in 1844 in the National democratic convention when Polk was nominated and has been in effect ever since. All the same it is undemocratic and ought to be abolished.

THE nomination of Grover Cleveland will be a glorious victory for the people. Most of the bosses and politicians are against him and they should not be allowed to defy the will of the people.

It is stated that Chauncey Depew, who put Harrison in nomination at Minneapolis so eloquently, has been offered the portfolio of secretary of State and that he will accept.

NEWSY NOTES.

The contest seems to have narrowed down to Cleveland, Hill and Boies.

He sold liquor against the law.

THE LADY OF LYONS.

Or Love and Pride.

THIS beautiful drama will be presented at the Turnerville School-house on June 30, at 8 P. M., by the "Home Literary and Dramatic Circle."

This is one of Lord Lytton's most popular plays. Full of romance and raptures of poetical description, every word is a point, every Marse a beauty, the close of every sentence a climax.

Tickets will be found at J. S. Hughes', Stanford, J. T. Hocker's, Turnerville, and J. P. Crow's, McKinney. Get your tickets now. Quite a number are already sold. Do not wait till all are gone and the house full.

Its pages sparkle with minute and insulated splendors. Admirers of Shakespeare give it a place with "Romeo and Juliet."

The programme is quite an interesting one. It is interspersed with recitations, tableaux and music by the Band. Twenty-four young ladies take part in the exercises.

Never has this drama been presented at such a low admission fee, even by amateur clubs. Help buy a library for those energetic young people at Turnerville and at the same time receive the value of your ticket by being most admirably entertained.

General Admission 35 cents; children under 14 years 25 cents; reserved seats 50 cents.

REFRESHING SHOWERS Sunday and yesterday reduced the caloric in the atmosphere to a bearable degree and gave the growing crops a new impetus. Speaking of the weather, Prof. Foster, whose forecasts have been so well fulfilled, says that from the 20th of June to the 25th of August the heat will be greatly above the average.

THE trial of L. M. LASLEY for a breach of the peace in striking and beating Prof. J. M. Hubbard, was held before Police Judge Carson and jury Saturday, when about the same case was made out as at the examining trial. Lawyer Harding succeeded in making the jury believe that his client had committed no offense and done no more than any other father, worthy of the name, would have done under similar provocation. He claimed that he had been greatly outraged by the cruel and arbitrary treatment of his daughter and appealed to the jury to vindicate him, which it practically did in assessing the light fine of \$10. Mr. Owsley said Mr. Lasley had done much in the troublous times in the East End ten years or more ago to restore law and order and bring desperadoes to justice, which is true, and for that reason and others we think he should have taken the advice of his friends and not become a law breaker himself in his more mature years.

THE trial of Wm. McInaw, charged with the murder of James T. Middleton on September 17, 1880, in Harlan county, after occupying the Whitley court for over a week, resulted in a life sentence. Hon. Fontaine F. Bobbitt for the prosecution made the effort of his life.

THESE who had agreed to take stock in the proposed fair met at the courthouse Saturday evening, officers were elected and consequently the fair is a certainty. George Miller Givens, of the West End, was elected president; P. W. Green and R. B. Gentry vice-presidents; E. C. Walton secretary; Joe Enbry, assistant secretary, and W. M. Bright, treasurer. A board of directors was also selected, as was a list of honorary vice-presidents. It was decided to hold the fair on Tuesday and Wednesday, July 12 and 13. Mr. A. D. Root's beautiful grove on the Danville pike, just beyond the toll gate, was secured for the place to hold the fair and the location is a splendid one, accessible, and just the right distance from town. The name decided on is the Lincoln County Stock Fair Association and it is to be hoped that the first exhibition will prove a successful one. There will be another meeting at the court-house at 3 o'clock this afternoon, when it is hoped that a large number of those interested will be present.

BEHIND THE SCENES.

It is understood that Tom Karl will
devote himself to the management of
the Bostonians next season.

The Actors' fund fair was a heavy
drain upon the managers of the New
York theaters, it is said, the other at-
tractions "standing no show" against
the fair.

The opera house at Montevideo, South
America, has one lower circle reserved
for ladies who attend without escorts.
They have the large hats all to them-
selves there.

A Montreal man has brought suit
against the manager of the local theater
because he purchased a ticket to hear
Mme. Scalchi sing, and the popular
contralto failed to sing. His action is
based on the ground that managers are
responsible for nonfulfillment of con-
tract.

The report that Miss Maud Harrison
is prepared to retire from the stage at
the end of this season is denied. Miss
Harrison (now Miss Bell) is much too
young and charming to think of quitt-
ing a profession of which she is an
ornament, and of hiding from a public
with which she is popular.

A new opera by Mascagni is probalbe,
Messrs. Turgioni-Tozzetti and Menasce,
the librettists of "Cavalleria" and
"Rantza," have, at the order of the
Milan publisher Sonzogno, prepared for
Mascagni a libretto having for its sub-
ject the story of "Vestilia," a drama by
the Italian poet, Rocco de Zerbi.

Over 6,000 francs have already been
raised in Paris for a monument to the
late Henry Litoff. Among the musical
names of subscribers are Theodore
Litoff, 1,000 francs; Massenet, 100
frances; Verdi, 200 francs; Boito, 100
frances; Saint-Saens, 20 francs; Chabrier,
20 francs; Colonne, 20 francs; Dupres, 20
frances.

TURF TOPICS.

"Snapper" Garrison and Isaac Murphy
will both have racing stables this season.

Frank Ehrst's royal filly Yorkville
Belle has had a musical galop named
after her.

The get of Electioneer have won 57
heats in 2:30 and better—an average of
5½ heats each.

The descendants of Electioneer number
160 performers, among them 156
trotters and four pacers.

Twelve trotters have records better
than 2:12, and Nancy Hanks (2:09) is
the only one that is not out of a great brood
more.

George Hankins, of Chicago, will enter
some colts for the English Derby of
1894 and other big events in both Eng-
land and France.

His Highness is nearly sixteen hands
high, but so symmetrical are his lines
that the most practiced eye would be de-
ceived about his height.

Robert Bonner now declares that
Sunol trotted in 2:07½ or 2:07¾ at Stock-
ton last fall, and that Orrin Hickok's
slow watch, which registered 2:08½,
was preferred to those of the other timers.

When the improvements at Wash-
ington park now going on are finished the
betting ring will be 322 feet long by 99
feet wide and will contain 31,500 square
feet of space, enough for 20,000 standing
people.

FASHION'S FOIBLES.

Shrimp pink is much used for evening
gowns.

Small turbans are worn and trimmed
with a facing of velvet and a high bow
on the side, through which is placed a quill.

Hatpins are in endless variety, from
the jeweled ones to those of enamel.
One recently seen was a fly with a ruby
body and diamond wings.

Some of the combs worn in the hair
are very effective. They are of gold or
silver, set with precious stones. Tortois-
eshell with gold are also in favor.

Large Leghorn hats will be worn ex-
tensively in the country. One recently
seen was white, with trimming of black
velvet and a wreath of daisies, corn-
flowers and poppies.

White velvet, black velvet and in fact
colored velvets are promised us for next
winter, and women who can afford only
one best gown will turn to the black
velvet, as of old, as something upon
which to depend.

ODDS AND ENDS.

Wax came into use for candles in the
twelfth century, and wax candles were
esteemed a luxury in 1300, being but
little used.

It is now known that the ancient
Babylonians had a tunnel under the
Euphrates almost equal in point of
workmanship to the famed Thames tun-
nel at London.

The average number of letters written
per head of the population is: England
and Wales, 40; Scotland, 30; Ireland, 16;
United States, 21; France, 15; Germany,
13, and Italy, 7.

The deepest mine in the world is the
rock salt mine at Spezberg, near Ber-
lin, 4,175 feet. The deepest perpendicular
shaft is in the Kattenberg mine, in
Bohemia, 3,775 feet deep. The deepest
British mine is the Aston colliery, 3,150
feet.

WORLD'S FAIR NOTES.

Liberia, the negro republic, has ac-
cepted the invitation to participate in
the exposition.

The general tint of the World's fair
buildings will be pale ivory. Several
of them, however, will show modifications
of that color.

Fifty-five of the counties in Illinois
have been organized for exposition work
by the women members of the state
World's fair board.

It is announced that the Virginia ex-
position board intends to reproduce at
the fair Mount Vernon, the famous home
and last resting place of George Wash-
ington.

FORGIVENESS.

From Dear Kate's Scrap-Book.

Forgive, though thy proud heart rebels,
And thought of wrong thy bosom swells;
Though wronged thou art, still thou canst live,
And freely, graciously forgive.

Forgive! Prove not rebellious still!
Control thy anger, curb thy will
No thought of vengeance should there be,
Forgiveness should be full and free.

Forgive, forgive, as thou wouldst see
Forgiveness meted out to thee.
Let low and mercy have full sway,
And thou wilt never rue the day.

We often err and go astray
From out the narrow, chosen way;
And we have need to be forgiven
While struggling on our way to Heaven.

And if we should then merely ask,
Why should it be to us a task
Hard to perform while here we live
To sing, cheerfully forgive?

The following, clipped from the Ft. Mattox,
Iowa, Democrat, contains information well
worth remembering: "Mr. John Roth, of this
city, who met with an accident a few days ago,
spraining and bruising his leg and arm quite se-
verely, was cured by the 50 cent bottle of tham-
berwell's Pain Balm." This remedy, without an
equal in popularity and success, is sold in
every household. For sale by Dr. M. L.
Boutin, Druggist and Optician, Stanford, Ky.

Refreshing Retreats.

Summer days are fast approaching and now is
the time that excursionists, pleasure-seekers and
sportsmen should figure out a route for their sum-
mer vacation. In doing so, the delightfully cool
summer and fishing resort located along the Wisconsin
Caves and the Wisconsin River, in the Fox
Lake Villa, Waukesha, Cedar Lake, Neosho, Waupaca,
Fond du Lac, Beloit, Beloit, and Ashland, Wis., Wisconsin
has within the last five years become the center
of attraction for many tourists and sportsmen and
each visit increases the desire to again see the
charming landscapes, breathe the balmy fragrance
that is a part of the invigorating atmosphere, wan-
der through the cool, quiet, stately pines and
find the speckled beauties with which God has
clothed the land.
